Since beginning in 2014, ERN–NY has grown to 42 businesses representing over 12,500 employees who have access to Success Coaches. Solid retention rates and return on investment percentages have played a role in stabilizing workforces, while over 300 job saves have been recorded at the close of 2018. To date, 95% of businesses have retained their ERN membership, while half have increased their share of a Success Coach. This impact is a direct result of providing a cost-effective employee benefit that generates tangible and meaningful results. ERN's innovative model for providing Success Coach services, partnering with outstanding businesses, organizations, agencies—all while documenting efforts and results—constitutes a private-public sector partnership that is positively influencing the local workforce.
